### Le merveilleux conte de La Belle au bois dormant

Connais-tu l'histoire de La Belle au bois dormant, de la méchante fée qui lui jeta un mauvais sort et du prince qui la délivra du château? Tu l'as peut-être déjà lue, mais tu ne l'as certainement jamais vue à l'écran d'un ordinateur! C'est fantastique, des images magnifiques se succèdent tandis que le texte de l'histoire apparaît dans trois versions différentes: un niveau facile à lire, un niveau moyen et un niveau un peu plus difficile.

Mais il y a encore plus, c'est magique! Tu peux en effet créer ta propre histoire, que tu tapes au clavier et que tu associes aux images de ton choix. Tu peux donc laisser voguer ton imagination et devenir toi-même l'auteur d'un tout nouveau conte. Cette fois, c'est toi l'écrivain! Dis, l'aventure te plaît? Alors installe-toi devant l'écran et lis d'abord les textes de l'histoire. Puis réfléchis un peu et prête une nouvelle vie aux personnages. Tu peux aussi demander l'aide d'un plus grand, c'est permis. Tu verras, c'est amusant et tu as la possibilité de créer ainsi des tas d'histoires différentes avec les mots et les images de ton cru. Qui sait? Peut-être verra-t-on un jour, dans les librairies, une nouvelle version plus moderne de La Belle au bois dormant: *la tienne!*
