LADIES AND GENTLEMEN!

AS TONIGHT'S MAIN EVENT WE PRESENT A CONTEST FOR THE  
MIDDLEWEIGHT CHAMPIONSHIP OF THE WORLD!!

.. alright, shake hands and at the bell,  
COME OUT FIGHTING!

Two players punch it out in this one-on-one  
competition using the Apple II's game paddles.

Turn the PADDLE KNOB to make your BOXER  
move forward and backwards to elude  
your opponent.

Push the PADDLE BUTTON and watch your  
BOXER throw a punch. Hit your opponent  
and watch him fall to the mat.

Each BOXER is allowed to throw ten  
punches per round (knockdown).

After a BOXER throws ten punches he will  
fall to the mat from exhaustion. He  
will literally PUNCH HIMSELF OUT!!

Hi-Res BOXING is a product of PROGRAMMA's HIGH  
RESOLUTION CHARACTER GENERATOR.
